RE: City of Los Angeles Implementation Ordinance of SB1818

To: Mayor Villaraigosa and
All City Council Members

The undersigned constituents respectfully request that the City of Los Angeles bring the SB1818 Implementation Ordinance to conform only to minimum requirements as do the County of Los Angeles, cities of Long Beach and Pasadena and others similarly impacted.

Specifically: Limiting height and densities to only Rapid Bus stops. We also request that the recommendations of L.A. County Supervisor Zev Yaroslavsky be fully implemented. We hold high expectations that our elected officials be fully responsible to all their constituents within the Council District, and not just the development community.

The signatures below represent those attending the Woodland Hills Warner Center Neighborhood Council Retreat on Saturday February 9, 2008.

Joyce J. Pearson, Chair
Woodland Hills Warner Center Neighborhood Council
